

⚡ THE BEGINNER'S GUIDE TO USING THE 3-6-9 YOURSELF ⚡

THE ELECTRICITY OF CREATION

Created and mapped by Chanell Donnelly
Cosmology Cartographer
Creator of the Electricity of Creation

BEFORE WE BEGIN...

No.

This is NOT about sitting in your bedroom pretending you're already a millionaire while your nervous system, bank account and unpaid electricity bill are all screaming something completely different.

This is not fake positivity.

This is not delusion.

This is not "manifestation theatre."

And this is definitely not:

"I wrote it 369 times in a notebook, so now I'm waiting for a Lamborghini to reverse into my driveway."

This is about something much more interesting.

⚡ THESE PDFs ARE ELECTRICALLY CHARGED ⚡

These are not passive PDFs designed to be skimmed, consumed and forgotten.

Within the Electricity of Creation framework, each document is intentionally built as an activation tool - structured through specific symbols, language, declarations, numerical sequences and the 3•6•9 architecture of the Map.

When I say these PDFs are "electrically charged," I am describing the way they are designed to be interacted with.

YOU provide the current.

Your voice.
Your attention.
Your emotional charge.
Your intention.
Your decisions.
Your participation.

The PDF provides the structure.

The moment you begin reading, speaking, recording, mapping and actively working with what is inside, it stops being information sitting on a screen and becomes something you are actively participating with.

⚡ **THE DOCUMENT HOLDS THE MAP.**

⚡ **YOU BRING THE ELECTRICITY.**

⚡ **YOUR PARTICIPATION ACTIVATES THE EXPERIENCE.**

This is why I don't want you rushing through these documents like another online course.

Open them intentionally.

Read them slowly.

Work with the symbols.

Follow the instructions.

Build what is yours.

Because the power was never supposed to live inside a PDF.

The PDF gives you the architecture.

YOU are the current that moves through it.

⚡ **CONSCIOUSLY DIRECTING CURRENT.**

Because whether you realise it or not, you are already reinforcing patterns every single day.

Thoughts.

Words.

Behaviours.

Emotional reactions.

Expectations.

Stories about yourself.

Stories about money.

Stories about love.

Stories about what is possible for you.

And once you start understanding the relationship between:

- ⚡ repetition
- ⚡ attention
- ⚡ emotional conditioning
- ⚡ behavioural patterns
- ⚡ identity
- ⚡ subconscious familiarity
- ⚡ nervous system responses
- ⚡ loop interruption

you can start looking at manifestation very differently.

⚡ **WHY THIS METHOD WORKS WITHIN THE FRAMEWORK**

Your brain and nervous system are constantly learning from what you repeatedly think, experience, feel and do.

Repeat a thought enough and it becomes familiar.

Repeat a behaviour enough and it can become habitual.

Repeat an emotional reaction enough and it can begin to feel automatic.

Repeat a story about yourself enough and eventually you may start behaving as though that story is simply:

"WHO I AM."

And humans are VERY good at repetition.

Same thought.

Same fear.

Same reaction.

Same relationship pattern.

Different haircut.

Same money ceiling.

Same attachment.

Same emotional spiral.

Same self-sabotage.

Same identity.

Again.

And again.

And again.

This is why I became fascinated with the possibility that perhaps humans weren't necessarily bad at manifestation.

Maybe we were incredibly good at reinforcing what was already familiar.

Because repetition doesn't magically know which patterns you want and which ones you don't.

And if underneath your manifestation process there is still:

- ⚡ fear
- ⚡ desperation
- ⚡ panic
- ⚡ obsession
- ⚡ survival
- ⚡ emotional chaos
- ⚡ attachment
- ⚡ self-sabotage

then endlessly repeating something positive doesn't automatically resolve everything underneath it.

Sometimes you're just putting a sparkly affirmation on top of a very pissed-off nervous system.

This is why subconscious loop interruption matters inside the Electricity of Creation.

Because most humans are not simply experiencing reality.

They are repeating themselves INSIDE reality.

Same thoughts.

Same reactions.

Same emotional spirals.

Same attachment patterns.

Same nervous system responses.

Same identity loops.

Same subconscious programming.

Over.

And over.

And over.

And that is exactly why the Master Magical Keys exist.

But we'll get to those.

First, you need to understand the Map.

ENTER THE COSMOLOGY CARTOGRAPHER

I'm **Chanell Donnoley**.

And the best way I can describe what I have spent YEARS doing is:

COSMOLOGY CARTOGRAPHER.

A cartographer maps terrain.

I MAP THE TERRAIN OF CREATION.

And I need you to understand the scale - and the extreme diversity - of what sits behind that statement.

Because I didn't wake up one morning, choose three sexy numbers and decide I'd invented a manifestation method.

This framework represents YEARS of my life.

Years of research.

Years of experimentation.

Years of walking the terrain myself.

Years of observing patterns.

Years of studying consciousness, behaviour, repetition, creation, manifestation, identity, trauma, resistance, receiving, participation and capacity.

And thousands upon thousands of dollars invested into education, frameworks, modalities, experiences, resources and my own exploration.

But perhaps more importantly...

I HAVE LIVED AT SOME EXTREME ENDS OF THE HUMAN EXPERIENCE.

And I think that matters.

⚡ MY EDUCATION DIDN'T HAPPEN IN ONE WORLD

I have **three university degrees**.

I have completed what feels like a thousand certificates, trainings, qualifications and specialist programs.

I am a **CEO, founder and business owner**.

I have built and operated a multi-million-dollar business.

I understand business.

Employees.

Leadership.

Money.

Risk.

Responsibility.

Systems.

Growth.

Loss.

Pressure.

Decision-making.

Compliance.

Creating something from absolutely nothing and then having to develop the capacity to actually HOLD what you built.

So there is a very practical, educated, commercially minded woman sitting underneath all of this.

But...

That's only ONE part of my education.

Because my life has also taken me through worlds that could not possibly look more different from one another.

I HAVE LIVED THE EXTREMES

I grew up inside what I can only describe as one of the most fucked-up childhoods you could possibly imagine.

My early life exposed me to instability, addiction, foster care, violence, institutions, survival and experiences no child should ever have had to understand.

I learned about human behaviour long before I had academic language for it.

I learned survival before I learned strategy.

I learned to read rooms before I learned to read business reports.

I learned what happens to identity when safety disappears.

I learned what humans do when they're frightened.

What they do when they're surviving.

What they do when they don't believe they have choices.

And what happens when the nervous system becomes organised around simply getting through the next moment.

Then my life took me somewhere completely different.

Education.

Qualifications.

Business.

Leadership.

Motherhood.

Building companies.

Managing teams.

Creating wealth.

Responsibility.

Expansion.

Suddenly I wasn't simply learning how humans survive.

I was learning:

HOW THE HELL DO HUMANS EXPAND?

And then my exploration went deeper again.

⚡ I DIDN'T ONLY STUDY CONSCIOUSNESS FROM A BOOK

I have explored deep embodied and consciousness work.

Tantra.

Somatic practices.

Breathwork.

Energy practices.

Deep personal-development work.

Plant-medicine journeys.

Vision quests.

Ceremony.

Spiritual frameworks.

Trauma-informed practices.

Altered states of consciousness.

And experiences that challenged almost everything I thought I understood about myself, reality, identity and human consciousness.

I have sat in classrooms.

I have sat in boardrooms.

I have sat in ceremonies.

I have sat in absolute darkness with myself.

I have studied the academic.

The psychological.

The behavioural.

The embodied.

The commercial.

The spiritual.

The practical.

The mystical.

And the incredibly ordinary.

And somewhere inside that extraordinary collision of worlds...

I STARTED SEEING PATTERNS.

 **I DIDN'T WANT ANOTHER THEORY**

I didn't want another belief system.

I didn't want another religion.

I didn't want another spiritual hierarchy.

And I definitely didn't want another manifestation philosophy where somebody tells you:

"Just believe harder."

I wanted to understand:

WHAT THE HELL IS ACTUALLY HAPPENING BETWEEN WANTING SOMETHING AND LIVING IT?

So I took everything I had learned.

Everything I had experienced.

Everything I had observed.

Everything I had tested.

Everything I had walked.

Everything that had challenged me.

Everything that had worked.

Everything that hadn't.

And I began mapping.

I developed my **3-6-9 Listen, Speak, Read Method.**

3 - LISTEN.

6 - SPEAK.

9 - READ.

I created the **Master Magical Keys** as structured consciousness Keys for interrupting the loops I was observing within the terrain.

And then I mapped the entire journey into:

 **THE ELECTRICITY OF CREATION.**

 **THE FULL MAP.**

THE 9 STAGES OF CREATION.

 **AND HERE IS SOMETHING VERY IMPORTANT ABOUT THIS FRAMEWORK**

BRING YOUR OWN GODS.

Bring your own spirituality.

Bring your own religion.

Bring your atheism.

Bring your science.

Bring your philosophy.

Bring your universe.

Bring God.

Bring Source.

Bring consciousness.

Bring absolutely none of the above.

I genuinely do not care what language you use to explain the mystery of being alive.

YOUR BELIEFS ARE YOURS.

Your boundaries are yours.

Your values are yours.

Your spirituality is yours.

Your relationship with God is yours.

Your relationship with reality is yours.

The Electricity of Creation does not require you to surrender any of them.

This framework is not asking you to adopt MY cosmology.

It gives you a Map through which you can examine YOUR experience of creation.

BRING YOUR OWN GODS.

BRING YOUR OWN BOUNDARIES.

BRING YOUR OWN BELIEFS.

BRING YOUR OWN VALUES.

And WALK.

 **YOU DO NOT NEED TO BELIEVE WHAT I BELIEVE**

This is incredibly important to me.

You don't need to do tantra.

You don't need to take plant medicine.

You don't need to go on a vision quest.

You don't need to believe in energy.

You don't need to believe in God.

You don't need to believe the universe is sending you personalised messages through licence plates.

Those experiences belong to MY journey.

They contributed to the breadth of terrain I explored.

They are not prerequisites for yours.

The Map does not ask you to recreate my life.

Thank God.

You'd need a helmet.

It asks you to observe your own.

What do you want?

What resources are appearing?

What patterns are repeating?

Where are you resisting?

What actions are available?

What are you capable of receiving?

What happens when you receive it?

Can you hold it?

Those questions work whether you call what is happening:

God.

consciousness.

psychology.

pattern recognition.

attention.

behaviour.

coincidence.

synchronicity.

or simply...

life.

AND NOTHING HERE REQUIRES WOO-WOO

I know.

I called myself a Cosmology Cartographer and then told you I've done tantra, plant medicine and vision quests.

Stay with me.

When I say this framework isn't "woo-woo," I mean I am not asking you to suspend critical thinking or treat spiritual interpretations as scientific facts.

You don't need to pretend thoughts magically control external events.

You don't need to assign cosmic meaning to every coincidence.

You don't need to believe the universe is a vending machine.

You don't need blind faith.

OBSERVE WHAT ACTUALLY HAPPENS.

You declare.

You direct attention.

You recognise resources.

You observe patterns.

You notice coincidences without automatically turning every one into prophecy.

You recognise resistance.

You make decisions.

You participate.

You observe consequences.

You build capacity.

You learn to receive.

You learn to hold.

You keep walking.

You can interpret the deeper meaning of that journey however you choose.

That is why I call it:

CONSCIOUS CO-CREATION.

Not domination.

Not begging.

Not demanding.

PARTICIPATION.

⚡ BUT PERHAPS THE MOST IMPORTANT THING I DID WAS MAKE IT UNDERSTANDABLE

Because what good is an extraordinary framework if an everyday person needs a doctorate, a spiritual dictionary and three lifetimes to understand the bloody thing?

I wanted to decode this terrain for:

ordinary people.

parents.

business owners.

creators.

people healing.

people starting again.

people wanting more money.

people wanting love.

people building businesses.

people trying to change their lives.

People who don't necessarily want to become scholars of consciousness.

They just want to know:

"WHAT DO I ACTUALLY DO?"

So I took something enormous and organised it into something you can actually WALK.

That is the work of the Cosmology Cartographer.

I WASN'T TRYING TO MAP DESIRE

Desire is the easy bit.

Humans are VERY good at wanting things.

More money.

A relationship.

A house.

A business.

Freedom.

Success.

Visibility.

Purpose.

Clients.

Peace.

We know how to WANT.

I became interested in something much bigger:

WHAT HAPPENS AFTER THE WANT?

What happens between:

"I WANT THIS."

and:

"HOLY SHIT. THIS IS ACTUALLY MY LIFE NOW."

Because there is an enormous amount of terrain between those two sentences.

And THAT was the terrain I wanted to understand.

What happens when the resources appear?

What happens when movement begins?

What happens when the opportunity you've been asking for actually lands in front of you?

What happens when fear arrives with it?

What happens when an old identity starts screaming?

What happens when you hit a loop?

What happens when participation is required?

What happens when your capacity is tested?

What happens when you become visible?

What happens when you actually RECEIVE the thing?

And then...

CAN YOU KEEP IT?

THAT became my obsession.

Not simply manifestation.

THE ENTIRE JOURNEY OF CREATION.

 **AND THAT JOURNEY BECAME THE ELECTRICITY OF CREATION**

As I mapped the terrain, something became incredibly clear.

Creation does not behave like a cute little staircase.

It isn't:

- 1.
- 2.
- 3.

Manifestation.

Congratulations.

Creation MOVES.

Humans loop.

Resources appear.

Resistance appears.

Opportunities appear.

Old identities get loud.

Decisions change trajectories.

Action becomes necessary.

Capacity gets tested.

Receiving gets tested.

Visibility changes.

Retention becomes important.

And sometimes the very thing you spent years desperately wanting finally arrives...

and you discover that GETTING IT was never the final stage.

Because now you have to become capable of HOLDING IT.

That terrain became:

THE 9 STAGES OF CREATION.

A framework designed to help you recognise where you are, what may be happening, what you're collecting, where you're looping, when participation

becomes necessary and what happens as you move from desire towards receiving, retention and neutralisation.

I didn't want to give people another thing to BELIEVE.

I WANTED TO GIVE THEM A MAP.

 **THIS IS WHY I CALL MYSELF A COSMOLOGY CARTOGRAPHER**

I am not positioning myself as someone sitting above you with all the answers.

I'm the woman who became obsessed enough with the terrain to:

MAP THE BLOODY THING.

I walked it.

Then I walked it again.

And again.

Different declarations.

Different areas of life.

Different loops.

Different resources.

Different manifestations.

Different lessons.

Different versions of myself.

And every journey gave me more information about the terrain.

That lived pattern is woven through:

the way I write.

the way I explain the framework.

the structure of the Keys.

the storytelling inside my audio.

the 3-6-9 activation.

and the architecture of the Full Map.

This isn't something I casually assembled over a weekend.

It represents years of work.

Formal education.

Professional training.

Business experience.

Extreme lived experience.

Deep personal work.

Spiritual exploration.

Embodied exploration.

Thousands upon thousands of dollars invested.

And repeated journeys through the framework I eventually mapped.

 **AND THEN I DID SOMETHING INCREDIBLY IMPORTANT**

I MADE IT SIMPLE.

Not shallow.

SIMPLE.

There is a difference.

The Full Map itself is VERY detailed.

But I have worked to explain the terrain in language everyday people can actually understand.

Because you shouldn't need my three university degrees.

You shouldn't need my mountain of certificates.

You shouldn't need to spend the money I spent.

You shouldn't need to spend the years I spent.

You shouldn't need to explore every modality I explored.

You definitely don't need my childhood.

You don't need tantra.

You don't need plant medicine.

You don't need vision quests.

You don't need my spirituality.

You don't need my beliefs.

THAT WAS MY JOURNEY.

Your job isn't to become me.

Your job is to walk YOUR terrain.

THAT WAS MY JOB AS THE CARTOGRAPHER.

I lived.

I survived.

I studied.

I built.

I explored.

I questioned.

I observed.

I tested.

I walked.

I mapped.

I organised.

I simplified.

And now...

YOU GET THE MAP.

Bring your own God.

Bring your own science.

Bring your own beliefs.

Bring your own boundaries.

Bring your own values.

Bring your own questions.

Bring your own life.

Because I don't need you to believe in my reality.

I WANT TO TEACH YOU HOW TO READ YOUR OWN.

⚡ **MANIFESTATION IS NOT JUST WANTING**

This is perhaps one of the biggest discoveries sitting underneath the entire Electricity of Creation.

Most manifestation teachings concentrate heavily on:

wanting.

wishing.

visualising.

hoping.

attracting.

affirming.

"acting as if."

And there is nothing inherently wrong with desire.

Desire matters.

But desire is only part of the terrain.

Because conscious creation has three enormous phases:

WANTING.

GETTING.

KEEPING.

And they require very different capacities.

⚡ **WANTING**

Wanting money is one thing.

You can want \$100,000 all day.

You can visualise it.

Write about it.

Talk about it.

Dream about it.

Wonderful.

But then an opportunity appears that could actually increase your income.

Now what?

Because suddenly you're no longer simply WANTING.

You're being asked to PARTICIPATE.

⚡ **GETTING**

Getting money is another experience entirely.

Can you recognise the resource?

Can you recognise the opportunity?

Can you move?

Can you receive?

Can you tolerate expansion?

Can you stop rejecting pathways because they don't look exactly how you expected them to look?

Can you actually participate in the reality you've been asking for?

And then comes the part manifestation teachings don't talk about nearly enough...

⚡ **KEEPING**

Can you HOLD it?

Wanting love is one thing.

Receiving healthy love is another.

Feeling safe enough to hold healthy love without sabotaging it?

Different bloody experience.

Wanting money is one thing.

Making more money is another.

Keeping it, stewarding it and allowing yourself to become comfortable holding more?

Different experience.

Wanting visibility is one thing.

Going viral is another.

Having thousands of people suddenly forming opinions about you while remaining grounded enough to keep creating?

WELCOME TO CAPACITY.

This is why I don't believe the manifestation itself is necessarily the destination.

Sometimes getting what you asked for simply reveals the next piece of terrain.

Because the deeper journey is:

CAN YOU WANT IT?

CAN YOU GET IT?

CAN YOU KEEP IT?

And eventually...

CAN YOU BECOME SO CAPABLE OF HOLDING IT THAT IT NO LONGER FEELS EXTRAORDINARY?

It is simply:

your life.

That is the terrain I mapped.

That is why the Electricity of Creation exists.

And that is why the Full Map doesn't simply teach you how to WANT something.

IT TEACHES YOU HOW TO WALK THE ENTIRE JOURNEY.

From declaration.

To resources.

To movement.

To resistance.

To participation.

To capacity.

To visibility.

To retention.

To neutralisation.

Not another manifestation course.

Not another wish-and-wait method.

A MAP.

A detailed guide to the terrain I spent years learning how to read.

And once you have the Full Map...

IT IS YOURS FOREVER.

Use it again.

And again.

For different declarations.

Different creations.

Different chapters.

I did the cartography.

NOW YOU GET TO WALK.

THE THREE FORCES OF CREATION

Inside this framework, 3, 6 and 9 represent three different functions:

3 - PASSIVE FORCE

THE SIGNAL

Passive does not mean powerless.

Passive means:

receiving.

listening.

observing.

allowing.

potential.

Passive force includes:

- ⚡ desire
- ⚡ imagination
- ⚡ visualisation
- ⚡ intention
- ⚡ emotional charge
- ⚡ possibility
- ⚡ attraction
- ⚡ dreaming
- ⚡ allowing
- ⚡ receiving

This is where manifestation STARTS.

You recognise:

I WANT SOMETHING DIFFERENT.

There is a signal.

There is potential.

There is direction.

But many manifestation teachings spend an enormous amount of time here.

Visualise it.

Dream about it.

Journal about it.

Make the vision board.

Imagine the house.

Imagine the money.

Imagine the relationship.

Wonderful.

But eventually somebody has to get off Pinterest.

Because desire without participation can remain desire.

Which brings us to...

6 - ACTIVE FORCE

THE MOVEMENT

A signal alone is not the entire process.

Something has to MOVE.

Active force represents:

- ⚡ action
- ⚡ expression
- ⚡ participation
- ⚡ behaviour
- ⚡ courage
- ⚡ embodiment
- ⚡ movement
- ⚡ identity participation
- ⚡ behavioural reinforcement

Because manifestation is not simply attraction.

Inside this framework:

CREATION REQUIRES PARTICIPATION.

You don't just declare a different reality.

Eventually you have to become willing to participate differently inside reality.

And then we reach the force that I believe is massively overlooked...

9 - NEUTRALISING FORCE

THE STABILISER

Neutralising does NOT mean cancelling your desire.

It means bringing the passive and active forces into integration.

Neutralising force represents:

- ⚡ regulation
- ⚡ stabilisation
- ⚡ release
- ⚡ nervous system safety
- ⚡ detachment
- ⚡ sustainability
- ⚡ integration
- ⚡ completion
- ⚡ holding

Because GETTING something is one thing.

KEEPING it is another.

You can make money and immediately lose it.

Receive visibility and panic.

Attract love and sabotage it.

Create business growth and burn yourself into the ground.

Receive an incredible opportunity and immediately convince yourself you're not qualified.

Passive establishes the signal.

Active creates movement.

Neutralising supports stabilisation.

Or, more simply:

3 - RECEIVE.

6 - MOVE.

9 - STABILISE.

And this is the architecture I use for the 3-6-9 activation.

WHAT DOES TESLA HAVE TO DO WITH THIS?

Nikola Tesla's work transformed the practical use of electricity through his contributions to alternating-current systems, induction motors, polyphase power and experiments involving resonance and electrical transmission.

And electricity taught us something incredibly important:

CURRENT MOVES THROUGH A SYSTEM.

Electricity isn't simply:

"Energy exists."

There are relationships between potential, current, fields, resistance, movement, induction and the systems through which electrical energy can travel and be used.

And as a Cosmology Cartographer, THAT became fascinating to me.

Because when I mapped creation, I kept seeing a conceptual parallel.

Humans have a desire.

But desire alone isn't the entire process.

There is:

a signal.

movement.

resistance.

resources.

participation.

receiving.

holding.

stabilisation.

loops.

changes in direction.

There is an entire CIRCUIT.

So inside the Electricity of Creation, I use 3-6-9 as the numerical architecture of the activation and map it through three forces:

3 - PASSIVE - RECEIVE.

6 - ACTIVE - MOVE.

9 - NEUTRALISING - STABILISE.

The Electricity of Creation is my framework.

It is inspired by electrical concepts and Tesla's legacy.

The passive-active-neutralising interpretation and the 9-stage Map are my mapping system.

I'm not claiming Nikola Tesla secretly left behind a manifestation course.

I'm a Cosmology Cartographer.

I used the architecture of electricity as inspiration to map what I was observing in the terrain of creation.

⚡ **STAGE 1 - DECLARATION**

And now...

we actually begin.

Stage 1 of creation is:

DECLARATION.

You need to establish WHAT you are activating.

This is where you create your activating statement.

Not:

"I don't want to struggle anymore."

Because the entire statement is still built around struggle.

Instead:

"I now intentionally activate financial abundance, stability and aligned opportunities."

Not:

"I hope they text me."

Please.

We're not activating somebody else's thumbs.

Instead:

"I now intentionally activate emotionally safe, reciprocal and aligned relationships."

Not:

"I don't want anxiety anymore."

Instead:

"I now intentionally activate nervous system safety, emotional peace and self-trust."

Your statement should feel:

- ⚡ emotionally activating
- ⚡ intentional
- ⚡ clear

⚡ direct

⚡ alive

You are establishing the direction of the current.

RECORD YOURSELF SAYING THE DECLARATION

Yes.

YOUR OWN VOICE.

Not mine.

Not an AI voice.

Not Morgan Freeman.

Yours.

Your own voice is deeply familiar to you.

Hearing yourself articulate an intention combines attention, auditory processing and self-referential language with the statement you've consciously chosen.

Inside this framework, your own voice becomes part of the activation.

You are not simply consuming somebody else's affirmation.

YOU are articulating the direction.

Bring intention to it.

Don't robotically read it while scrolling Instagram and wondering what you're having for dinner.

Be present.

Say it clearly.

Record it.

And now...

you're ready to activate.

⚡ **THE 3-6-9 ACTIVATION**

THE 3

PASSIVE FORCE - RECEIVE

 Listen to YOUR recording **3 times**.

Receive the signal.

Listen.

Observe.

Allow.

THE 6

ACTIVE FORCE - MOVE

 Speak your activating statement out loud **6 times**.

Your body becomes involved.

Your voice becomes involved.

You move from receiving the signal into actively expressing it.

THE 9

NEUTRALISING FORCE - STABILISE

 Read your activating statement silently **9 times**.

No performance.

No screaming at the universe.

No attempting to emotionally explode your manifestation into existence.

Read.

Integrate.

Neutralise.

Complete.

And then...

 **STOP.** 

Seriously.

STOP.

Because something incredibly important has just happened inside the Map.

YOU HAVE COMPLETED STAGE 1.

And the moment the activation is complete...

YOU MOVE IMMEDIATELY INTO STAGE 2 OF CREATION.

This free guide has now taken you there.

Welcome to the Map.

⚠️ NEVER REPEAT THE ACTIVATION ⚠️

I need you to understand this because it is one of the most important instructions in this entire framework.

THE 3-6-9 ACTIVATION IS PERFORMED ONCE.

Not tomorrow.

Not next Tuesday.

Not for 21 days.

Not for 30 days.

Not because you "didn't feel it properly."

Not because nothing happened by lunchtime.

Not during the next full moon.

Not because Mercury looked at you funny.

ONCE.

The 3-6-9 is NOT a repetitive affirmation practice.

It is the ACTIVATION.

And once you've activated...

YOU ARE NO LONGER AT STAGE 1.

You are at:

⚡ STAGE 2 - RESOURCES.

So why would you keep going back to Stage 1?

You already declared.

You already activated.

Now LOOK AROUND.

This is why repeatedly activating the same declaration makes no sense inside the Map.

The framework is asking you to observe what appears NEXT.

You don't need to repeatedly submit the same cosmic customer-service ticket:

"Hello Universe, just following up on my previous email..."

No.

It received the memo.

Now WALK.

STAGE 2 - RESOURCES

WELCOME TO ABUNDANCE CONSCIOUSNESS.

This is where this FREE guide brings you.

You have activated the declaration.

You have completed Stage 1.

You have moved immediately into:

STAGE 2 OF CREATION.

And Stage 2 is:

RESOURCES.

This is your first introduction to:

ABUNDANCE CONSCIOUSNESS.

And no...

Abundance consciousness does NOT simply mean:

"I am rich."

It means you begin changing the way you recognise abundance.

Because humans have a very funny habit.

They declare:

"I want more money."

And then reality presents:

a person.

a conversation.

a book.

an opportunity.

an idea.

an introduction.

a new skill.

a resource.

a piece of information.

And the human says:

"NO. I ASKED FOR MONEY."

Welcome to Stage 2.

⚡ RESOURCES DO NOT ALWAYS LOOK LIKE THE FINAL MANIFESTATION

This is where conscious co-creation begins becoming very different from demanding.

Resources can appear as:

- ⚡ people
- ⚡ information
- ⚡ ideas
- ⚡ opportunities
- ⚡ conversations
- ⚡ tools
- ⚡ education
- ⚡ introductions
- ⚡ support
- ⚡ pathways

- ⚡ unexpected openings
- ⚡ new perspectives
- ⚡ access

The manifestation may be:

money.

love.

a business.

a home.

a client.

an opportunity.

visibility.

freedom.

But Stage 2 asks:

WHAT HAS ALREADY APPEARED THAT COULD HELP MOVE YOU TOWARD IT?

This is abundance consciousness.

You stop measuring abundance ONLY by the final manifestation.

You start noticing the resources.

Instead of:

"Where is my manifestation?"

you begin asking:

"What appeared?"

"What became available?"

"Who did I meet?"

"What conversation happened?"

"What idea arrived?"

"What information found me?"

"What opportunity opened?"

"What resource am I dismissing because it doesn't look like the final thing I asked for?"

THIS is the shift.

You stop demanding:

"Reality must give this to me exactly how I have decided it should arrive."

And begin consciously co-creating with what is actually appearing.

That is Stage 2.

That is abundance consciousness.

And that is exactly where this free guide leaves you.

SO WHAT HAPPENS AFTER STAGE 2?

Now we reach the distinction between this free guide and the Full Map.

This guide teaches you:

Stage 1 - Declaration.

The 3-6-9 activation.

And it moves you immediately into:

Stage 2 - Resources / Abundance Consciousness.

But creation doesn't stop at Stage 2.

There is more terrain.

A LOT more terrain.

Because after resources comes:

movement.

Then loops and resistance.

Then participation.

Then capacity.

Then visibility.

Then retention.

Then neutralisation.

The complete Electricity of Creation moves through:

THE 9 STAGES OF CREATION

Stage 1 - Declaration

Stage 2 - Resources

Stage 3 - Movement

Stage 4 - Loops and Resistance

Stage 5 - Participation

Stage 6 - Activation and Capacity

Stage 7 - Presentation and Visibility

Stage 8 - Retention and Legacy

Stage 9 - Neutralising

And THAT complete terrain is what the Full Map activates & teaches you to navigate.

This free guide only takes you to stage 2 no further.

THE FULL MAP

THE ELECTRICITY OF CREATION GRID

The Full Map is the complete mapping system.

The free guide switches the electricity on.

The Full Map shows you:

WHERE THE CURRENT GOES.

Because you don't activate and then spend the next six months sitting at Stage 2 admiring your resources.

Movement begins.

Things happen.

Opportunities appear.

Resistance appears.

Loops become visible.

Action becomes necessary.

Your capacity gets tested.

You may become more visible.
You have to learn to receive.
Then you have to learn to HOLD what you received.
And eventually...
you neutralise.
This is why the Full Map exists.
Not to make you manifest harder.
To teach you how to WALK.
You already activated the current.
Now you need the terrain.

→ [**FULL MAP \(CLICK HERE\)**](#)

THE MASTER MAGICAL KEYS

And while you're walking...
you may hit a LOOP.
Welcome to being human.

This is why I created:

THE MASTER MAGICAL KEYS.

The Keys are intentionally designed as:

LOOP INTERRUPTIONS.

They are not the Full Map.
They are not daily affirmations.
They are not another declaration.
They are not something you repeat forever.
They are specific tools designed around particular loops.
These can include:

-  hesitation
-  self-worth
-  money

- 🔑 instant self-forgiveness
- 🔑 receiving and holding
- 🔑 love
- 🔑 trauma release
- 🔑 co-parenting
- 🔑 pleasure and intimacy
- 🔑 addiction loops
- 🔑 visibility
- 🔑 business
- 🔑 and other specific patterns

Think about it like this:

🗺️ **THE MAP SHOWS YOU WHERE YOU ARE.**

🔑 **THE KEY HELPS INTERRUPT A LOOP.**

Then you KEEP WALKING.

You don't need every Key.

You don't need to stand at the entrance rattling every Key you've ever purchased like an unhinged spiritual janitor.

Recognise the loop.

Use the appropriate Key.

Continue through the terrain.

→ [MASTER MAGICAL KEYS CLICK HERE](#)

Without interrupting the loops first, you risk manifesting directly on top of an existing loop - and because this method is VERY powerful, be incredibly mindful of what current you're amplifying. ⚡

📄 **SCRIPTED ACTIVATING STATEMENTS**

Now maybe you're thinking:

"Wonderful, Chanell.

I understand the activation.

But I have absolutely no idea how to write the bloody statement."

I've got you.

You can purchase:

SCRIPTED ACTIVATING STATEMENTS.

These are for people who want the LANGUAGE created for them.

They are NOT daily affirmations.

They are scripts designed to be used for an activation.

They can be created around areas such as:

- ⚡ abundance
- ⚡ money
- ⚡ healing
- ⚡ nervous system safety
- ⚡ self-worth
- ⚡ confidence
- ⚡ love
- ⚡ visibility
- ⚡ emotional regulation
- ⚡ business
- ⚡ identity evolution

You purchase the script.

You record it in YOUR OWN voice.

Then:

3 - LISTEN.

6 - SPEAK.

9 - READ.

ONCE.

The script gives you the language.

Your voice personalises the process.

The 3-6-9 activates the declaration.

And the moment you finish...

you move from:

STAGE 1 - DECLARATION

into:

STAGE 2 - RESOURCES.

Then you STOP activating and start observing.

→ [SCRIPTED ACTIVATING STATEMENTS CLICK HERE](#)

And because apparently I need to tattoo this onto the internet...

NEVER REPEAT THE ACTIVATION.

THE MASTER MAGICAL KEY TO THE KEYS

THE AFFORDABLE CAPACITY-BUILDING KEY

Let me tell you why I created this.

Because every single day I receive messages that say:

"Chanell, I need this."

"Chanell, I know this will help me."

"Chanell, I want the Keys."

"Chanell, I just can't afford it right now."

And I listened.

Because my desire has never been to create a framework that people can see but have absolutely no pathway into.

I want you to have the resources required to build the life you keep dreaming about.

The money.

The opportunities.

The support.

The clients.

The ideas.

The confidence.

The capacity.

The tools.

The pathways.

The reality your soul keeps nudging you towards.

And that is exactly why I created:

THE MASTER MAGICAL KEY TO THE KEYS.

This is now one of the most affordable Keys inside the entire framework.

It was intentionally created as an ACCESS POINT.

A Key designed to help you build capacity, recognise resources and begin unlocking what comes next.

→ [MASTER MAGICAL KEY TO THE KEYS CLICK HERE](#)

DO NOT GET ADDICTED TO THE KEYS

This is REALLY important.

The Master Magical Keys are **NOT affirmations.**

They are not daily practices.

They are not something you collect and fire through one after another because you suddenly want to "unlock everything."

Please do not turn the Keys into another loop.

THE KEYS ARE CONSCIOUSNESS KEYS.

Each Key has been deliberately structured as an experience.

The wording matters.

The sequence matters.

The way you read it matters.

The font and presentation matter within the structure I have created.

The 3-6-9 sequence matters.

And my audio is not simply there because I thought:

"Well, I suppose I should record something."

My voice carries the pattern and story of the Key as I created it.

I have walked this Map many times.

I have moved through these Portals, observed the loops, mapped the terrain and built the Keys from those journeys.

So when you listen to my audio, you are listening to me guide you through the pattern of the Key through storytelling, language, rhythm and structure.

Then YOU participate with it.

That is very different from listening to a random affirmation track every morning.

ONE KEY AT A TIME

Do not use five Keys in one day.

Do not use one Key at breakfast, another at lunch and decide by dinner that you've spiritually speed-run the entire Map.

USE ONE KEY.

Then JOURNEY WITH IT.

Observe what comes up.

Observe what changes.

Observe what you notice.

Observe the resources.

Observe the resistance.

Observe the opportunities.

Observe your behaviour.

Observe the conversations.

Observe what begins moving around you.

Give yourself enough space to actually experience the consciousness the Key was designed to open.

Because the purpose is not:

MORE KEYS.

The purpose is:

MORE CONSCIOUSNESS.

⚠️ **THE KEYS THEMSELVES CAN BECOME A LOOP**

This is the irony.

If every time you experience discomfort you immediately think:

"I NEED ANOTHER KEY."

you may have created a completely new dependency loop.

The Keys are designed to interrupt patterns.

They are not designed to replace your own discernment, participation or ability to walk the Map.

You do not need a Key for every emotion.

You do not need a Key every day.

You do not need to constantly be "unlocking" yourself.

Sometimes you need to:

STOP.

WATCH.

INTEGRATE.

PARTICIPATE.

And continue walking.

⚡ **A KEY OPENS SOMETHING - THEN YOU JOURNEY WITH WHAT OPENS**

Think of an actual key.

You put it into the lock.

You turn it.

The door opens.

You don't stand there putting the key back into the same lock 400 times screaming:

"OPEN MORE!"

The door is open.

Now WALK THROUGH IT.

That is how I want you to approach the Master Magical Keys.

One Key.

One interaction.

Then journey with what it opens.

WHY THE STRUCTURE MATTERS

These Keys have been intentionally built around how the experience is received and processed within this framework.

You will notice:

-  specific language
-  deliberate formatting
-  changes in visual presentation
-  particular reading structures
-  my recorded audio
-  storytelling and pattern
-  the 3-6-9 sequence

None of that is accidental.

The Key is the WHOLE experience.

Not simply the words printed on the page.

This is also why I ask you:

Do not rewrite it.

Do not change the wording.

Do not alter the sequence.

Do not change the font or formatting.

Do not turn it into your own affirmation.

Experience the Key as it was designed.

Then leave it alone.

YOU ARE NOT COLLECTING KEYS - YOU ARE WALKING A MAP

This distinction changes everything.

The goal is not to own every Key.

The goal is not to say:

"I've done 17 Keys this month."

Congratulations.

You've potentially just invented Key addiction.

The goal is to become more capable of recognising:

Where am I?

What loop am I actually experiencing?

Do I even need a Key?

What is this moment asking me to see?

What needs to be interrupted?

What needs to be integrated?

What requires action?

What simply requires time?

The Map gives you terrain.

The Key gives you an interruption when an interruption is actually required.

Then YOU have to walk.

USE KEYS WITH RESPECT

These are consciousness tools.

Treat them like consciousness tools.

Not content.

Not affirmations.

Not spiritual entertainment.

Not something to binge.

Use one.

Complete it exactly as instructed.

Do not repeat it.

Then give yourself the space to journey with it.

Because the most powerful part of a Key may not be what happens while you're reading it.

It may be what you suddenly recognise:

tomorrow.

three days later.

during a conversation.

when an old reaction appears.

when a resource arrives.

when you make a completely different decision.

when you realise the thing that used to control you...

doesn't have quite the same grip anymore.

That is where you pay attention.

 **ONE KEY.**

 **ONE INTERRUPTION.**

 **OBSERVE.**

 **JOURNEY WITH IT.**

 **INTEGRATE BEFORE REACHING FOR ANOTHER.**

You are not here to become dependent on Keys.

You are here to become conscious enough that you know when you genuinely need one.

 **YOU'RE ALREADY AT STAGE 2**

If you have completed the free 3-6-9 activation in this guide, remember:

You have completed:

STAGE 1 - DECLARATION.

And you have moved immediately into:

STAGE 2 - RESOURCES.

This is Abundance Consciousness.

And the Key to the Keys works beautifully here.

Because Stage 2 asks you to stop looking only for the final manifestation and start recognising the resources that can help you move towards it.

And sometimes...

the first manifestation isn't the dream.

Sometimes the first manifestation is:

the money required to access a tool.

the person who introduces you to an opportunity.

the client who creates extra income.

the idea that opens a new pathway.

the discount.

the collaboration.

the information.

the resource.

the solution.

the support.

the doorway.

That is why this Key exists.

THIS KEY IS ABOUT CAPACITY

Not simply manifestation.

CAPACITY.

Because wanting more and being able to HOLD more are very different things.

If someone receives more money but has no capacity to hold it, the money can disappear.

If someone receives an incredible opportunity but doesn't have the self-trust to act on it, the opportunity can pass.

If someone receives visibility but cannot tolerate being seen, they may retreat.

If someone receives love but cannot safely receive intimacy, they may sabotage it.

If someone creates a rapidly growing business but cannot hold the responsibility, the expansion can become chaos.

The question isn't only:

"CAN I MANIFEST IT?"

The deeper question is:

"DO I HAVE THE CAPACITY TO RECEIVE, USE AND HOLD IT?"

This Key was created to begin working directly with that threshold.

To support the expansion of:

- ⚡ capacity
- ⚡ self-trust
- ⚡ receiving
- ⚡ participation
- ⚡ resource recognition
- ⚡ opportunity awareness
- ⚡ responsibility
- ⚡ willingness to move

Because conscious creation isn't simply about demanding a larger life.

You have to become increasingly capable of participating in one.

⚡ **THE GOOD HOUSEHOLDER**

Across various philosophical, spiritual and esoteric traditions, there are teachings concerned with becoming capable of responsibly participating in ordinary life before attempting to hold greater levels of knowledge, responsibility or power.

Inside this framework, I describe that capacity through the idea of becoming a:

GOOD HOUSEHOLDER.

A Good Householder does not have to be extraordinarily wealthy.

They do not have to be spiritually advanced.

They do not have to have everything figured out.

They are someone developing enough:

resources.

support.

stability.

capacity.

responsibility.

and participation

to actually HOLD the next stage of their life.

Because when every ounce of your energy is being consumed by survival...

there is very little left for expansion.

Very little for creation.

Very little for experimentation.

Very little for leadership.

Very little for building something beyond your current circumstances.

And this is where Stage 2 becomes incredibly important.

You begin building the RESOURCE FIELD around the creation.

MONEY IS A RESOURCE

Money is not punishment.

Money is not automatically greed.

Money is not morally superior or morally inferior.

Money is a resource.

It can represent:

exchange.

choice.

access.

support.

mobility.

time.

education.

tools.

help.

opportunity.

And when you consciously choose to invest in yourself, the important part is not simply:

"I spent money."

The shift is participation.

You made a decision.

You chose a resource.

You committed.

You moved.

You stopped remaining entirely passive inside the creation.

This is why resources matter.

Information alone does not necessarily change your life.

Implementation matters.

Participation matters.

Behaviour matters.

Commitment matters.

Capacity matters.

WHAT THE KEY TO THE KEYS IS DESIGNED TO SUPPORT

The Master Magical Key to the Keys was created around the intention of activating awareness and participation with:

-  money
-  resources
-  opportunities
-  support
-  clients
-  ideas
-  collaborations

- ⚡ promotions
- ⚡ pathways
- ⚡ solutions
- ⚡ openings
- ⚡ unexpected resources

Not because every one of those things is guaranteed to magically appear.

But because when you become clear about what resources you require, you can become far more aware of relevant opportunities, information and pathways when they do appear.

And that is a HUGE part of Stage 2.

Because humans miss resources constantly.

They ask for money...

while ignoring the client.

They ask for opportunity...

while ignoring the introduction.

They ask for support...

while refusing help.

They ask for a new pathway...

then reject it because it wasn't the pathway they expected.

Stage 2 asks you to LOOK.

🔑 **CREATE YOUR TREASURE CHEST WISHLIST FIRST**

Before you use this Key, get very clear about what you actually want access to.

Go through the website.

Look at:

- 🔑 the Keys
- 📄 the activating statements
- 🗺 the Maps
- ⚡ the activations

💰 the money work

🔗 the frameworks

🔧 the resources

Then create yourself a wishlist.

Seriously.

Write down what you actually want.

Not only what you believe you can afford today.

What tools would genuinely support your next stage?

What Key would help interrupt the loop you're currently experiencing?

What Map would help you understand the terrain?

What activation would support the declaration you're building?

Give the resource somewhere to go.

Because simply saying:

"I need more money"

is incredibly broad.

Try:

"I want the resources required to purchase X because I intend to use it for Y."

Now the destination is clear.

⚡ **THEN USE THE KEY**

Use the Master Magical Key to the Keys exactly as instructed:

🎧 Listen to the audio **3 times**

🗣️ Speak the declaration **6 times**

📖 Read the declaration quietly in your mind **9 times**

Have a piece of paper beside you.

Mark off every:

listen.

Speak.

Read.

Do not alter the sequence.

Do not rewrite the declaration.

Do not modify the process halfway through because you suddenly decided you know better.

Complete the Key exactly as designed.

ONCE.

One interaction.

One interruption.

One activation.

Then STOP.

Because just like the rest of this framework:

NEVER REPEAT THE ACTIVATION.

 **WHAT HAPPENS AFTERWARDS?**

PAY ATTENTION.

Not because I am promising that \$10,000 will parachute through your ceiling tomorrow morning.

But because now you know what you are looking for.

Watch for:

- ⚡ opportunities
- ⚡ ideas
- ⚡ conversations
- ⚡ unexpected support
- ⚡ clients
- ⚡ invitations
- ⚡ solutions
- ⚡ promotions
- ⚡ collaborations

- ⚡ pathways
- ⚡ introductions
- ⚡ resources

And don't make the mistake of only watching your bank account.

Because the resource you need may enter through a completely different door.

You may need:

the person BEFORE the money.

the idea BEFORE the client.

the information BEFORE the opportunity.

the opportunity BEFORE the income.

the skill BEFORE the expansion.

the resource BEFORE the manifestation.

That is abundance consciousness.

You stop screaming:

"WHERE'S THE MONEY?"

and start asking:

"WHAT JUST ARRIVED?"

⚠️ AND REMEMBER THE LOOP RULE

This matters.

WITHOUT INTERRUPTING LOOPS, YOU CAN MANIFEST DIRECTLY ON TOP OF AN EXISTING LOOP.

This method can feel VERY powerful, so be mindful of the current you're amplifying.

If the underlying pattern is:

desperation.

fear.

scarcity.

self-sabotage.

obsession.

avoidance.

unworthiness.

then don't simply attempt to build something enormous on top of it and hope the foundation doesn't matter.

Recognise the loop.

Interrupt what needs interrupting.

Build capacity.

Then continue moving.

This is exactly why the Keys sit inside the wider Map.

WHY THIS KEY IS DIFFERENT

The Key to the Keys is intentionally simple.

A focused declaration.

A single activation.

A clear target.

A resource-oriented purpose.

And an affordable entry point into deeper capacity work.

It exists to help you begin asking:

"What do I need to access the next stage?"

"What resources would support me?"

"What capacity do I need to build?"

"What opportunity am I ready to participate in?"

"What am I willing to receive?"

Because sometimes your first creation isn't the million dollars.

Sometimes it's the \$49 resource that teaches you how to build the next thing.

Sometimes it isn't the dream client.

It's the conversation that leads to them.

Sometimes it isn't the final manifestation.

It's the Key that helps you unlock the next door.

That is why this is called:

THE MASTER MAGICAL KEY TO THE KEYS.

The Key designed to help you build the capacity and resources required to begin unlocking everything else.

→ [**MASTER MAGICAL KEY TO THE KEYS CLICK HERE**](#)

Create your wishlist.

Use the Key once.

Pay attention.

Recognise the resources.

Follow the openings.

Build your capacity.

And when you're ready for the next piece of the treasure chest...

you'll know exactly what you're looking for.

WANT TO WALK THE MAP SPECIFICALLY THROUGH MONEY?

Maybe you're fascinated by the complete framework.

But right now you don't want to map:

love.

business.

visibility.

relationships.

purpose.

your entire bloody existence.

You want to work on:

MONEY.

This is why I created:

⚡ THE MONEY MINI MAP ⚡

And I want to make this distinction extremely clear:

THE MONEY MINI MAP IS NOT STAGE 2.

This FREE GUIDE is what takes you into Stage 2.

The Money Mini Map is something completely different.

THE MONEY MINI MAP IS A COMPLETE JOURNEY THROUGH ALL 9 STAGES OF CREATION SPECIFICALLY FOR MONEY.

It takes the architecture of the Electricity of Creation and lets you explore the entire Map through ONE current:

MONEY.

💰 WANTING MONEY

You begin with desire.

What do you actually want?

How much?

Why?

What does money represent?

Freedom?

Safety?

Choice?

Relief?

Power?

Security?

Expansion?

Can you allow yourself to want money without immediately judging yourself for wanting it?

Because WANTING money is one relationship with money.

But then you activate.

And just like every other declaration...
you move immediately into Stage 2.

MONEY AND ABUNDANCE CONSCIOUSNESS

At Stage 2 of the Money Mini Map, you explore resources specifically around MONEY.

This means learning to recognise that a financial resource isn't always:

"\$10,000 magically appeared."

It might be:

a client.

an idea.

a business opportunity.

a person.

a skill.

a course.

an introduction.

a new revenue stream.

a conversation.

information.

a resource you can use.

a pathway you hadn't considered.

THIS is abundance consciousness applied specifically to money.

But unlike this free guide...

the Money Mini Map does not stop there.

You keep walking.

GETTING MONEY

The Money Mini Map continues through the stages.

Movement begins.

Opportunities appear.

Loops appear.

Resistance appears.

Participation becomes necessary.

And suddenly:

"I want more money"

may become:

"Here is an opportunity to make more money."

And now you have to PARTICIPATE.

Can you recognise the opportunity?

Can you act?

Can you receive?

Can you tolerate expansion?

Can you stop rejecting resources because they didn't arrive exactly how you expected?

Can you move when movement is required?

This is where wanting begins becoming GETTING.

KEEPING MONEY

And then we enter the part almost nobody wants to talk about.

You got the money.

Wonderful.

CAN YOU KEEP IT?

Can you hold more money without immediately creating another emergency?

Can you increase income without increasing chaos?

Can you receive money without guilt?

Can you stop unconsciously returning yourself to the financial identity that feels familiar?

Can you allow abundance to become NORMAL?

Can you retain?

Can you steward?

Can you hold?

Because getting money and keeping money are different capacities.

This is why the Money Mini Map walks ALL 9 stages.

You are exploring the complete journey:

WANTING MONEY.

GETTING MONEY.

KEEPING MONEY.

All the way through the 9-stage terrain.

→ [MONEY MINI MAP CLICK HERE](#)

⚡ **SO WHAT IS THE DIFFERENCE?**

Let's make this ridiculously simple.

 **THIS FREE GUIDE**

You learn:

Stage 1 - Declaration.

You perform the 3-6-9 activation ONCE.

That moves you immediately into:

Stage 2 - Resources / Abundance Consciousness.

This is your introduction to the Electricity of Creation.

 **SCRIPTED ACTIVATING STATEMENTS**

You know WHAT you want to activate but want the language written for you.

Purchase the script.

Record it in your own voice.

3 - listen.

6 - speak.

9 - read.

ONCE.

→ [SCRIPTED ACTIVATING STATEMENTS CLICK HERE](#)

THE MONEY MINI MAP

You want to walk:

ALL 9 STAGES OF CREATION SPECIFICALLY THROUGH MONEY.

You explore:

wanting money.

getting money.

keeping money.

resources.

money loops.

participation.

receiving.

capacity.

retention.

neutralisation.

The complete 9-stage journey through the current of MONEY.

→ [MONEY MINI MAP CLICK HERE](#)

THE MASTER MAGICAL KEYS

You've recognised a loop.

Use the appropriate Key to interrupt it.

Then continue walking.

→ [MASTER MAGICAL KEYS CLICK HERE](#)

THE FULL MAP

You're ready to understand the entire terrain.

Not just money.

Not just one manifestation.

The complete:

ELECTRICITY OF CREATION GRID.

All 9 stages.

The full mapping system.

→ [FULL MAP CLICK HERE](#)

THESE ARE NOT COURSES

Let me make this incredibly simple.

THESE ARE GUIDES.

You are not signing up for a course.

There are no weekly classes.

There are no modules you need to wait to unlock.

There is no subscription required to keep accessing the material.

There is no endless stream of lessons designed to keep you permanently learning instead of actually WALKING.

I have taken what can be an incredibly complex framework and explained it as simply and practically as I can so that you can understand it, use it and then go live your bloody life.

That is the point.

THE FULL MAP IS THE ENTIRE JOURNEY

The **Full Map - Electricity of Creation Grid** is exactly what the name says.

THE FULL MAP.

It is the detailed guide to the complete journey through all 9 Stages of Creation.

You purchase it once.

You receive the complete framework.

You download it.

AND IT IS YOURS TO KEEP.

Forever.

This isn't something you "finish" and never use again.

Once you understand how to read the terrain, you can return to the Map whenever you are creating something new.

Map money.

Map love.

Map your business.

Map a home.

Map a client.

Map an opportunity.

Map visibility.

Map a completely different chapter of your life.

The declaration changes.

The terrain remains.

⚡ **THE FULL MAP IS VERY DETAILED**

Do not confuse "guide" with "small."

The Full Map is deliberately detailed because it contains the entire journey.

It teaches you how to understand and navigate:

- ⚡ Stage 1 - Declaration
- ⚡ Stage 2 - Resources
- ⚡ Stage 3 - Movement
- ⚡ Stage 4 - Loops and Resistance
- ⚡ Stage 5 - Participation
- ⚡ Stage 6 - Activation and Capacity
- ⚡ Stage 7 - Presentation and Visibility
- ⚡ Stage 8 - Retention and Legacy
- ⚡ Stage 9 - Neutralising

And importantly, it doesn't simply give you nine pretty headings and wish you luck.

It teaches you how to READ the Map.

How to recognise where you are.

How to recognise movement.

How to recognise resources.

How to recognise resistance.

How to understand loops.

How to participate when action is required.

How to recognise changes in capacity.

How to navigate receiving.

How to understand retention.

How to recognise what you're collecting along the journey.

And how to continue through the terrain rather than repeatedly returning to Stage 1 and activating again.

THE ACTIVATION TURNS THE CURRENT ON.

THE FULL MAP TEACHES YOU HOW TO WALK THE ENTIRE CIRCUIT.

THE OTHER PRODUCTS ARE GUIDES TOO

The same distinction applies across the framework.

The **Money Mini Map** is not a money course.

It is a focused guide that walks you through **all 9 Stages of Creation specifically through money.**

The **Master Magical Keys** are not courses.

They are structured consciousness Keys designed for specific loop interruptions.

The **Scripted Activating Statements** are not courses.

They give you carefully structured language for an activation when you don't want to build the statement yourself.

And the **Full Map** is not a course.

It is the complete, detailed guide to the entire Electricity of Creation framework.

⚡ I DON'T WANT YOU PERMANENTLY LEARNING FROM ME

This matters.

The purpose of the Electricity of Creation is not to make you dependent on me.

It isn't:

"Come back next week and I'll tell you the next secret."

I want you to understand the Map.

I want you to understand the terrain.

I want you to recognise where you are.

I want you to know when you're looking at a resource.

I want you to recognise a loop.

I want you to know when participation is required.

I want you to recognise when you're receiving.

I want you to learn how to hold what you've created.

And eventually...

I WANT YOU TO BE ABLE TO READ THE MAP YOURSELF.

That is why the Full Map is so detailed.

It isn't designed to keep information from you.

It is designed to give you the framework.

Once.

Completely.

ONE MAP.

THE COMPLETE 9-STAGE JOURNEY.

YOURS TO KEEP FOREVER.

Then every time you create something new...

you already have the terrain sitting there waiting for you.

You don't need another course.

You need to learn how to walk the Map.

THE BIGGEST MISTAKE I DON'T WANT YOU TO MAKE

Do NOT turn the 3-6-9 into another obsessive manifestation ritual.

That defeats the entire bloody purpose.

More repetition does not automatically mean more power.

Sometimes more repetition simply creates:

more checking.

more attachment.

more desperation.

more obsession.

more doubt.

more:

"IS IT HERE YET?"

And suddenly you've taken a declaration about abundance and created an entire emotional ritual around:

NOT HAVING IT YET.

Think about that.

Every morning:

"Where is it?"

Every afternoon:

"Has it happened?"

Every evening:

"Maybe I need to activate again."

NO.

You are trying to walk forward while continuously running back to the starting line.

Inside the Map:

YOU ACTIVATE ONCE.

Then:

observe.

recognise resources.

participate.

interrupt loops.

move.

receive.

hold.

continue.

YOU ARE ALREADY REPEATING SOMETHING

Every single day you:

listen to thoughts repeatedly.

speak identities repeatedly.

rehearse emotional loops repeatedly.

perform familiar behaviours repeatedly.

return to familiar stories repeatedly.

So the question is not:

"Do humans use repetition?"

Of course we do.

The question is:

WHAT ARE YOUR EXISTING PATTERNS REINFORCING?

The reality you're trying to create?

Or the reality you're trying to leave?

The purpose of this framework is not to convince you repetition itself is magical.

It is to make you conscious of the patterns, behaviours, emotional responses and identities you continue reinforcing.

The 3-6-9 gives you an activation point.

And then...

the real journey begins.

BECAUSE THE MANIFESTATION ISN'T NECESSARILY THE DESTINATION

This is one of the biggest things I want you to understand about the Electricity of Creation.

A manifestation can be something you COLLECT along the journey.

Money.

Love.

Clients.

Opportunities.

Visibility.

Resources.

Support.

Ideas.

Connections.

Movement.

But the Full Map asks something much bigger than:

"CAN I GET WHAT I WANT?"

It asks:

Can you recognise the resources?

Can you participate?

Can you move through resistance?

Can you receive?

Can you hold?

Can you retain?

Can you become capable of living the reality you once desperately wanted without constantly trying to recreate the old one?

Because conscious creation isn't only:

WANTING.

It is:

WANTING.

GETTING.

KEEPING.

And eventually...

reaching a point where the thing you once desperately wanted is no longer something you're chasing.

It's simply part of your reality.

YOUR FIRST JOURNEY STARTS HERE

If you have completed the activation in this guide...

you are no longer standing at Stage 1.

YOU ARE NOW AT STAGE 2.

Resources.

Abundance Consciousness.

So don't go backwards.

LOOK AROUND.

What appeared?

Who appeared?

What changed?

What conversation happened?

What idea arrived?

What resource became available?

What opportunity opened?

What did you suddenly notice that you couldn't see before?

This is where conscious co-creation begins.

Not by demanding that reality obey you.

But by learning how to recognise and participate with what begins appearing around your declaration.

FINAL REMINDER

You do not need to beg reality.

You do not need to demand.

You do not need to chase.

And you absolutely do not need to activate the same declaration 400 times because you're terrified reality didn't hear you.

You activated it.

STAGE 1 IS COMPLETE.

Now:

YOU ARE AT STAGE 2.

Recognise the resources.

Explore abundance consciousness.

Observe what moves.

Use a Key when a loop appears.

Walk the Money Mini Map if you want to explore all 9 stages specifically through money.

Walk the Full Map when you're ready to understand the entire terrain.

Because once the electricity is ON...

you don't keep flicking the bloody switch.

ACTIVATE ONCE.

LOOK AROUND.

RECOGNISE THE RESOURCES.

INTERRUPT THE LOOPS.

LEARN TO WANT, GET AND KEEP.

WALK THE MAP.

RECEIVE AND HOLD WHAT YOU CREATE.

And for the love of electricity...

NEVER.

REPEAT.

THE.

ACTIVATION.

ONE FINAL PIECE OF ADVICE FROM ME

If you came here ONLY for the free guide...

AMAZING.

Seriously.

You do not need to buy anything else today.

Use what I have just given you.

Because if you have completed your 3-6-9 activation:

YOU HAVE ALREADY MOVED.

You completed:

Stage 1 - Declaration.

And you have now entered:

STAGE 2 - RESOURCES.

And Stage 2 is EXCITING.

This is where I want you to stop trying so bloody hard...

and start PAYING ATTENTION.

Because remember:

THIS IS CO-CREATION.

You are not commanding reality like it's an employee.

You are not begging reality.

You are not demanding that your manifestation arrive tomorrow at 10:37am wearing exactly the outfit you requested.

You have declared.

You have activated.

Now reality gets to participate too.

And one of the first ways you may experience that participation is through what we often call:

COINCIDENCES.

The conversation you weren't expecting.

The person who suddenly mentions exactly what you've been thinking about.

The idea that drops into your mind.

The email that arrives.

The opportunity you nearly scroll past.

The recommendation.

The introduction.

The invitation.

The information that suddenly seems relevant.

The resource you didn't know existed yesterday.

The strange little:

"Well... that's interesting."

PAY ATTENTION TO THOSE MOMENTS.

Not because every coincidence is automatically a cosmic message.

You don't need to turn finding a red sock in the laundry into a prophecy.

Stay grounded.

Stay curious.

Stay observant.

Because Stage 2 is about learning to recognise **RESOURCES**.

And resources rarely announce themselves by saying:

"HELLO. I AM RESOURCE NUMBER FOUR FOR YOUR MANIFESTATION."

Sometimes they simply look like ordinary life.

A person.

An idea.

A conversation.

A piece of information.

An opportunity.

A tool.

A pathway.

A coincidence.

Something you suddenly notice that you may have completely ignored before.

DON'T FORCE THE COINCIDENCES

This is important too.

Don't activate and then spend the next 48 hours desperately scanning reality for proof.

"Was THAT it?"

"Was THAT a sign?"

"She said 369 - WHAT DOES IT MEAN?"

No.

That is attachment sneaking back in wearing a spiritual hat.

Live your life.

Stay open.

Notice what becomes relevant.

Notice what repeats.

Notice what naturally connects.

Notice what creates an opportunity for participation.

And when something meaningful appears...

PARTICIPATE.

Make the call.

Have the conversation.

Read the information.

Explore the opportunity.

Follow the useful idea.

Accept the introduction.

Use the resource.

Because co-creation requires BOTH.

Reality presents.

YOU PARTICIPATE.

⚡ AND PLEASE DON'T GO BACK TO STAGE 1

You have already activated.

Do not get excited by movement and think:

"OMG IT'S WORKING. I'D BETTER DO THE 3-6-9 AGAIN."

NOOOOO.

Keep walking.

You are at Stage 2 now.

STAY THERE.

Explore it.

Enjoy it.

Become curious about it.

Let yourself experience what it feels like to stop chasing the final manifestation and start recognising everything appearing along the journey.

Because this free guide has already given you something incredibly powerful:

A DIFFERENT WAY TO LOOK AT REALITY.

You don't need to purchase the Full Map to begin noticing.

You don't need another Key immediately.

You don't need another activation tomorrow.

You have already started.

So my final advice is beautifully simple:

 **ACTIVATE ONCE.**

 **THEN PAY ATTENTION.**

Watch the coincidences.

Recognise the resources.

Stay curious.

Participate when something useful appears.

Don't force meaning onto everything.

Don't repeat the activation.

And most importantly...

ENJOY STAGE 2.

Because you are no longer simply sitting there WANTING.

You have entered the terrain.

And now...

LET'S SEE WHAT SHOWS UP. 

You also have to watch how Stage 2 can become incredibly confronting.

You might see the Full Map.

You might want it.

Then you see the price.

And suddenly the current changes.

You get angry.

Frustrated.

Maybe even angry at ME.

"Why isn't she giving this away for free?"

"If she really wanted to help people, she'd make it free."

"If this information is so important, everyone should have access to it."

"I asked for a resource, but I didn't ask for one that costs money."

PAY ATTENTION HERE. ⚡

Because within the Map, this is where you can begin witnessing
CONDITIONAL RECEIVING.

You declared what you wanted.

Then a resource appeared.

But your mind immediately added conditions to the form in which you were
willing to receive it.

"I will receive the resource..."

BUT only if it's free.

Only if it arrives through the person I approve of.

Only if it costs what I think it should cost.

Only if it arrives when I want it.

Only if I don't have to become more resourced to access it.

Only if reality delivers it in the exact form I had imagined."

THAT is conditional receiving.

And when you do this repeatedly across your life, you can create what I call
CONDITIONAL MANIFESTATION.

"I want more money - but not if I have to learn something new."

"I want a successful business - but not if the resource presented to me
requires investment."

"I want love - but only if the person looks, behaves and arrives exactly how I
imagined."

"I want support - but only from this particular person."

"I want an opportunity - but only if it doesn't inconvenience me."

"I want change - but only if nothing has to change."

Can you see the loop?

The declaration says:

"I am available."

The condition says:

"But only like THIS."

Stage 2 begins teaching you to notice the difference.

This does NOT mean buying everything presented to you.

It does NOT mean spending money you don't have.

It does NOT mean every resource is right for you.

Discernment is still part of conscious participation.

Sometimes the most abundant response is:

"That resource isn't available to me right now. Interesting. What IS available?"

That is completely different from:

"I cannot access that resource right now, therefore the person who created it should give it to me."

One is discernment.

The other is demanding that the resource change its conditions before you are willing to recognise it.

And THIS is why I intentionally want you working inside Stage 2.

Because Stage 2 isn't asking:

"Can you afford everything you want?"

Stage 2 asks:

"WHAT DO YOU DO WHEN YOU ENCOUNTER SOMETHING YOU CANNOT CURRENTLY ACCESS?"

Do you collapse?

Do you become angry?

Do you decide abundance isn't available to you?

Do you attack the resource?

Do you demand the resource change?

Do you decide somebody else is responsible for providing it?

Or do you become curious?

"I can't access this right now.

Okay.

What resources DO I have?"

Maybe you begin with the free guide.

Maybe you work the Resource Map.

Maybe another book appears.

Maybe somebody teaches you something in a conversation.

Maybe you discover a completely different resource.

Maybe you create additional income.

Maybe you decide you don't need the Full Map at all.

Maybe six months from now your circumstances are completely different.

YOU DON'T KNOW YET.

That is the point.

Stage 2 asks you to leave room for surprise.

Because the moment you decide:

"It must arrive THIS way, from THIS person, for THIS price, at THIS time..."

you have placed conditions around receiving before you even know what other pathways exist.

THIS IS THE DEEPER LESSON OF RESOURCES.

Reality does not have to deliver the finished manifestation.

First, you learn how to recognise and participate with what is available.

And sometimes the resource you cannot currently access becomes the thing that exposes your relationship with receiving.

Not because you failed.

Not because you're "not abundant enough."

Not because reality doesn't love you.

And certainly not because purchasing something proves you are spiritually evolved.

It simply gives you something to observe.

What happened inside you when you heard "no"?

What happened when you saw a price you couldn't currently afford?

What happened when the resource didn't arrive in the form you wanted?

THAT reaction is information.

And information is also a resource.

So don't waste Stage 2 being furious that the road doesn't look exactly how you imagined it would.

LOOK AROUND.

There may be another road sitting directly beside you.

That is abundance consciousness inside the Map.

Not "I can have everything for free."

Not "everything belongs to me because I manifested it."

Not "somebody else must remove the obstacle for me."

It is:

"There are more resources, possibilities and pathways available to me than the single one I can currently see."

And THAT is when Stage 2 becomes fucking delicious. ⚡ 🔑

Have fun with stage 2 because stage 3 is where manifestations start to appear and movement starts happening and that's even more exciting!
